

## C# DEVELOPER (M/F)

Since the publication of its MMOGs „Lords & Knights“, „Crazy Tribes“ and „Celtic Tribes“, XYRALITY has grown to one of the most successful mobile games studios in Europe. More than 60 dedicated employees work on the further development of our game portfolio until today.

We are looking for two C# Developers (m/w) for the further development of our soccer manager Goal Tactics (<https://itunes.apple.com/de/app/goal-tactics-fußball-manager/id736051042>) for the nearest possible date.

### Your responsibilities:

- Further development and optimization of a soccer manager as a client-server application
- Cooperation with our user interface designers in the creation of mobile interfaces
- Ensuring the state of the art quality
- Close Cooperation with a creative team of marketing experts, developers, quality assurance engineers and graphic designers

### Required skills & experience:

- Ideally, degree in (media) computer science or comparable education
- Experience in programming Xamarin, C # and Azure / IIS
- Ideally experience in programming on the development of REST interfaces on IIS / SQL Servers
- Ideally, initial knowledge about performance analysis and tuning
- Ideally, initial experiences with game engines
- Strong object oriented design and analysis skills
- Passion for writing simple, elegant software that is easy and fun to use
- Good knowledge of German or English

### We offer:

- A challenging, yet promoting working atmosphere
- Very good development opportunities
- Responsible tasks, fast decision-making process and space for the implementation of your own ideas
- A team-oriented working process, visibly incorporating the results of your work
- Unique expertise in the development of cross platform games

If you are interested in this unique opportunity, please send your complete application including salary expectations and 1-2 sample codes in a PDF file to [jobs@xyrality.com](mailto:jobs@xyrality.com). We would appreciate information, where our job advertisement caught your attention.
