

Intern (m/f/d) Game Design for our fire service game

Since the publication of its MMOGs "Lords & Knights", "Crazy Tribes" and "Celtic Tribes", XYRALITY has grown to one of the most successful mobile games studios in Europe. More than 60 dedicated employees work on further development of our game portfolio until today.

We are currently looking for an intern Game Design (m/f/d) to join our talented and motivated team for at least three months.

Your responsibilities:

- Creation of appealing game content and game mechanics
- Adaptation of the game content to the local conditions
- Close collaboration and consultation with entire game development team, especially with the community management
- **Quality control:** Analyzing, reproducing, documenting and evaluating of software defects
- Creation of bug reports
- Optimization and creation of game mechanics aimed at user retention and monetization
- Competitive analysis and presentation of feature proposals

Required skills:

- Strong affinity on the subject of fire service; ideally experience working as a (volunteer) firefighter
- Enrolled student (m/f/d) ideally in game design or (media) computer science courses
- Competent handling of presentation and spreadsheet programs (Excel, Powerpoint etc.)
- Very good knowledge of German and English, both spoken and written

We offer:

- A challenging, yet promoting working atmosphere
- Responsible tasks
- A team-oriented working process, visibly incorporating the results of your work
- Close cooperation with our Game Design Director who will support you in your professional and personal development
- Unique expertise in the development of cross platform games
- A modern, young work environment including free fruit and beverages
- HVV ProfiTicket subsidy

If you are interested in this unique opportunity, please send your complete application including salary expectations and 1-2 game design documents in a PDF file to jobs@xyrality.com. We would appreciate information, where our job advertisement caught your attention.
